

Weekly Programme Reminder

To SeniorNet and U3A members

This coming **Monday 24 June** is the last meeting for **Term 2** at SeniorNet.

For this final meeting we are showing a **SeniorHangout** that provides a **fascinating insight** into what is described as a **living encyclopaedia**.

This is something we have all used from **time to time** but probably do not really know what goes on **behind-the-scenes**. Come along and watch

“An Introduction to Wikipedia”

The host, **Mary Newman**, takes us on a journey providing an **in-depth look** at the information on the pages we look at and often take for granted.

If you are interested in finding out about the **authenticity** of what you are **casually** reading or **researching** for a specific topic, then this will interest you.

There is so much more to learn about **Wikipedia**, you will be amazed.

Venue: Arohanui Church 81 Middle Road Havelock North

Date: Monday 24 June 2024 (the last meeting of Term 2)

**Time: 1.00pm for sorting your general tech problems and
1.30pm to start this SeniorHangout**

In Term 3 we will be running a 4-week Photo Book Course

Look out for details as numbers will be limited due to the personal tuition

We want all participants to complete their projects

Start thinking about your project now!
