

Weekly Programme Reminder

To SeniorNet and U3A members

This coming **Monday 10 June** we will show a **SeniorHangout** entitled
“Basics of using SeniorHangouts Calendar and Library”

SeniorHangouts is an exciting **new website** connecting members throughout the country. You can **tune in** anywhere from Northland to Southland to be part of a **live** presentation. You don't have to contribute; you just need to be there to experience it. If you are **inspired** to **ask a question** or **make a comment** you can do so . . . or not!

An interesting thought is a **live** presentation may be a place you feel **out of your comfort zone** but in fact it is a **safe place to be**. You don't have to contribute anything. In the comfort of your home, you can just sit and listen to the presentation **live** as many members do. Or you can wait a few more days and watch the **recorded** presentation that interests you.
It is your choice as a **registered** user.

Either way, come along to this **SeniorHangout** and see how the **system works**.

Venue: Arohanui Church 81 Middle Road Havelock North

Date: Monday 10 June 2024

Time: 1.00pm for endeavouring to solve your tech problems and 1.45pm to start this SeniorHangout.

Note the new start time for this SeniorHangout - 1.45pm

U3A has an impressive **List of Activities** but we are always looking for more.

If you would like to **start a group** or know of someone **we could approach**, please contact Trish Loye on 06 878 5920 for a chat.
