Confidently connecting
with technology

Weekly Programme Reminder

To SeniorNet and U3A Members

This coming Monday 29 April is the Opening Day for Term 2

A time to come along with your tech problems and hopefully get them solved!

This term we will include some **Smartphone** sessions, some interesting subjects on the latest **SeniorHangouts** and perhaps a follow-up session on **Files & Folders**.

We hear a lot about **Artificial Intelligence (AI)** these days. It is a **new technology** affecting us all and one we should take a little more than a superficial interest in it. We hope to bring you a **guest speaker** on this subject as well as a **SeniorHangout**.

This Monday is devoted to sorting out any tech problems you may have, plus a cup of tea or coffee and some social Pecha Kucha . . . as the Japanese say!

You are all welcome so please come along.

Venue: Arohanui Church 81 Middle Road Havelock North

Date: Monday 29 April 2024

Time: 1.00pm to 3.00pm

And finally, a peek into the future.

In **Term 3** we are running a **Photo Book Course**. Give this some thought, even at this early stage. Limited places to allow more personal attention.

What **theme** would you like for **your** Photo Book?   Start assembling some photographs now!
