Monday 11	Tuesday 12	Wednesday 13	Thursday 14	Friday 15
Drop-in Afternoon Apple Phones		Make a one-to-one appointment on Mondays		<b>End of Term 3</b>

## Details of the Term 3 Programme

The **iPad Special Interest Group** is for those members who love what iPad's have to offer as well as socialising with like-minded people.

The **iPad Special Interest Group** meet on the **first Saturday of each month** throughout the year.

**Venue:** Arohanui Church, 81 Middle Road, Havelock North. **Time:** 2 - 4pm. **Tutored** by Beryl Grayling and Jenny Scott.

**Photo Book Course** – The 2-week course this term is primarily for though people who were on the 4-week course in Term 2. **This Monday morning** course will serve as a finishing course to make sure participants are on the right track and complete their projects.

If you haven't been on one before, this is always a popular Course. It is an interesting Course designed to give you the skills to produce your own photograph album unlike any you have had in the past. You can theme your Photo Book to whatever **interests you**.

In recent times, for example, people have thought about preserving the past for their children, grandchildren and beyond! Old photos in shoe boxes need, once again, to see the light of day and be preserved for future generations.

Lots to think about and we provide you with the opportunity for action with this Course!

If you are interested in possible future Photo Book Course's please contact **Marion Crawford** on **027 307 5131** for further information.

**Venue:** Arohanui Church, 81 Middle Road, Havelock North. **Time:** 10:00 to 12:00pm.  
**Tutor:** Marion Crawford and her team.

**Drop-in Afternoons 1 to 3pm** - the Monday afternoon format has changed a little to introduce other interesting subjects. Continue to come along at 1.00pm for general enquiries, questions and solutions to your tech problems.

It's an opportunity for a cup of tea, a chat and perhaps view an interesting SeniorHangout on selected days followed by a discussion. Look out for the Weekly Programme Reminder advertising . . . **What's On This Monday**. Looking forward to seeing you!

**Venue:** Arohanui Church, 81 Middle Road, Havelock North.

**One-to-One Appointments** – These sessions are designed to answer your tech questions in more detail and give you a better understanding of your device.

Please call **022 181 7542** or email **hawkesbay@seniornet.nz** to arrange an appointment and venue.

**Genealogy Workshop** – Come along and join us at the Genealogy Workshop. We welcome anyone who wishes to find out more about their family history. Here you will find talk of spectacular successes and failures encountered whilst searching for ancestors and ways and means of overcoming research problems. We are a very interactive group and our sessions come with a great deal of lively discussion. Participants usually have the satisfaction of learning something new or exciting.

**Venue:** Arohanui Church, 81 Middle Road, Havelock North. **Time:** 10 - 12pm.

**Tutor:** Gillian Allison. The group meet on the **first Thursday** of each month.

**Understanding Your Smartphone** - This activity is designed to answer your question .  
**How do I . . . ?** You ask and we'll do our best to provide the answer!

The activity is designed to get the most use out of your mobile. A Smartphone is **smart** and most of us have no idea about its potential. Come along for an informal chat and leave knowing more about the power of that little phone you hold in your hand every day.

We are now holding the Smartphone activity on a **Monday during Drop-in Afternoon** and we have several sessions scheduled this term split into Android and Apple phones. Details in the **Weekly Programme Reminder**.

**Venue:** Arohanui Church, 81 Middle Road, Havelock North. **Time:** 1.30 - 3pm.

**Tutors:** A number of tutors and committee members will be in attendance to assist.
