

# Weekly Programme Reminder

## To SeniorNet and U3A Members

This coming **Monday 10 March** for the first hour we are going to concentrate on your

### Questions about your device

Do you need any assistance with your **mobile phone, iPad, tablet or laptop**? If so, come along and see if we can help.

Perhaps your device is **not performing** as it should; **running too slow** or whatever the reason, come and ask a question and we'll try and fix things for you.

At around **2 o'clock** Norris will demonstrate how to **change the cover design** of the **folders** in your device to something more colourful and interesting.

Finally, if you have **friends overseas** you may like to take a sneaky peek at their newspapers to see what is going on in their world.

You can read newspapers from all over **Scotland** and **England** and **more!**

Come along and see how this is done . . . just as a matter of interest!

**Venue: Arohanui Church 81 Middle Road Havelock North**

**Date: Monday 10 March 2025**

**Time: 1.00pm for tech questions and around 2 o'clock for the presentation about folders and newspapers.**
