Centre stage is **Norris Kenwright** presenting a **short video** entitled

Should I Accept Cookies?

Cookies are intended to personalise your online experience and add to your convenience when using a website.

So . . . what **exactly** are cookies? We hear about them from time to time but do we **really know** what they are?

Are they **good**? Or are they **bad**? Is it safe to **accept** cookies?

What happens if you **don't** accept cookies? And lots more questions for you to ask.

Join us next **Monday 11 March** and find out all the answers.

After the presentation we will offer you a cup of tea or coffee . . . and a **real cookie!** . . . not a **digital** one!

Come along for the experience and have fun while you learn.
